STUFFERS

DFS 55 Stuffer

Features:

- Inside and outside stainless steel construction, unlike many other stuffers
- Easy to move around
- Self locking lid
- Holds 55 lbs. (25 liters)
- Includes four extruding nozzles
- NSF and UL Listed
- Made in the USA

No other stuffer on the market can compare to the quality and power of the DFS 55 Stuffer. Large enough to handle the big jobs yet small enough to do the little jobs and excellent for both long and short product runs. Knee lever operation leaves hands free to handle product and lid swings completely out of the way for easy loading and cleaning. Powered by a reliable hydraulic system, adjustable pressure control valve for different product consistency, and simple to operate and easy to clean.

Continuous Vacuum Stuffer RS 105

The Risco RS 1040C continuous vacuum filler combines the durability and performance of the larger Risco fillers with an economic design to suit the production, performance, and space requirements of the smaller producer.

EM-20 & EM-30

Hydraulic Sausage Stuffers

Features:

- EM construction: Stainless steel (including piston) with aluminum lid (stainless steel lid optional (EM-55 lid standard in stainless steel))
- Knee switch "Auto-on" standard on 3 phase units
- Automatic piston pull-back and pressure gauge standard
- Capacities: EM-20 - 45lbs.; EM-30 - 65lbs.; EM-55 - 100lbs.

SPK-500 Rotisserie Smoker

Authentic barbecue is the result of cooking meat with the smoke and heat of burning wood.

Smoke penetrates the meat giving it the flavor that cannot be obtained in any other way. The SPK-500 uses fireplace size logs to obtain flavor, aroma, color, and texture beyond comparison.
